Dear Ms. Barry:

This is in response to your request dated April 11, 2008 requesting a change in the budget for Clean Water Act Section 319 grant number C9-96905101. In your email request, you propose moving \$80,000 from Personnel and \$10,000 from Fringe Benefits to the Contractual category. The increased contract funds will be used to complete the Clear Creek restoration project as outlined in the grant workplan. The proposed budget revision is greater than 10% of the grant award.

EPA agrees with the proposed budget modification. If you have any questions or need additional information, please call me at (775) 885-6190.

Sincerely,

Hi Stephanie,

The Clear Creek Restoration Project is ready to be completed after years of planning and our expenditures for consultants have gone higher than originally estimated. I would like to make a budget modification from the Personnel (\$80,000) and Fringe Benefits (\$10,000) line items to the Contractual line item. This should cover the remaining costs for implementing this important project. Our CFO will not approve our contract without your ok. If you have any questions please contact me. Thanks Marie
